BABYMOU, LLC. PRIVACY POLICY

RE: Babymou App (the “App”)

WebSite: www.babymouapp.com (the “Website”)

Updated: March 10, 2016

Babymou, LLC (“Babymou,” “we,” and “us”), the owner of the App and the Website, respects the privacy of its users (“you”) and has developed this Privacy Policy to demonstrate its commitment to protecting your privacy. This Privacy Policy describes the information we collect, how that information may be used, with whom it may be shared, and your choices about such uses and disclosures. We encourage you to read this Privacy Policy carefully when using our application or services or transacting business with us. By using our website or application (our “Service”), you are accepting the practices described in this Privacy Policy and acknowledge that you consent to the use of any information that you provide to Babymou as expressly set forth herein.

If you have any questions about our privacy practices, please refer to the end of this Privacy Policy for information on how to contact us.

I. INFORMATION WE COLLECT ABOUT YOU

A. In General. We may collect information that can identify you such as your name and email address (“personal information”) and other information about you, but that does not identify you. We may collect this information through a website or a mobile application. By using the Service, you are authorizing us to gather, parse and retain data related to the provision of the Service. When you provide personal information through our Service, the information may be sent to servers located in the United States and countries around the world.

1. Information you provide. In order to register as a user with Babymou, you will be asked to sign in using your Facebook login. If you do so, you authorize us to access certain Facebook account information, such as your public Facebook profile (consistent with your privacy settings in Facebook), your email address, interests, likes, gender, birthday, education history, relationship interests, current city, photos, personal description, friend list, and information about and photos of your Facebook friends who might be common Facebook friends with other Babymou users. You will also be asked to allow Babymou to collect your location information from your device when you download or use the Service, which is optional. In addition, we may collect and store any personal information you voluntarily provide while using our Service or in some other manner in connection with your registration, use of Babymou’s app or Website. This may include identifying information, such as your name, address, email
address and telephone number, and, if you transact business with us, financial information. You may also, voluntarily and at your own discretion, provide us photos, a personal description and information about your gender and dating preferences for recommendations, such as search distance, age range and gender. If you chat with other users through the APP or Website, you are voluntarily consenting to provide us the content of any and all chats, and if you contact us with a customer service or other inquiry, you are voluntarily providing Babymou with the content of that communication and any responses thereto.

2. Information from other sources. The APP and Website are part of the Babymou group of businesses, which includes the websites and apps “Talk Date”, “My Shamrock” and “Babymou” (the “BABYMOU GROUP”). To the extent that you register for any services, apps or websites in the BABYMOU GROUP, we may obtain both personal and non-personal information about you from other BABYMOU GROUP business partners and other third parties.

B. Use of technologies to collect information. We use various technologies to collect information from your device and about your activities on our Service.

1. Information collected automatically. We automatically collect information from your browser or device when you visit our Service. This information could include your IP address, device ID and type, your browser type and language, the operating system used by your device, access times, your mobile device’s geographic location while our application is actively running, and the referring website address.

2. Cookies and Use of Cookie Data. When you visit our Service, we may assign your device one or more cookies to facilitate access to our Service and to personalize your experience. Through the use of a cookie, we also may automatically collect information about your activity on our Service, such as the pages you visit, the time and date of your visits and the links you click. If we advertise, we (or third parties) may use certain data collected on our Service to show you Babymou approved advertisements on other sites or applications.

3. Pixel tags. We embed pixel tags (also called web beacons or clear GIFs) on web pages, ads, and emails. These tiny, invisible graphics are used to access cookies and track user activities (such as how many times a page is viewed). We use pixel tags to measure the popularity of our features and services. Ad companies also use pixel tags to measure the number of ads displayed and their performance (such as how many people clicked on an ad).

4. Mobile Device IDs: If you’re using our app, we use mobile device IDs (the unique identifier assigned to a device by the manufacturer), or Advertising IDs (for iOS 6 and later), instead of cookies, to recognize you. We do this to store your preferences and track your use of our app. Unlike cookies,
device IDs cannot be deleted, but Advertising IDs can be reset in “Settings” on your iPhone. Ad companies also use device IDs or Advertising IDs to track your use of the app, track the number of ads displayed, measure ad performance and display ads that are more relevant to you. Analytics companies use device IDs to track information about app usage.

5. Information collected by third-parties for advertising purposes. We may allow service providers, advertising companies and ad networks, and other third parties to display advertisements on our Service. These companies may use tracking technologies, such as cookies or web beacons, to collect information about users who view or interact with their advertisements. We do not provide any non-anonymized personal information to third parties. Some of these third-party advertising companies may be advertising networks that are members of the Network Advertising Initiative, which offers a single location to opt out of ad targeting from member companies (www.networkadvertising.org). Opting out will not decrease the number of advertisements you see.

II. HOW WE USE THE INFORMATION WE COLLECT

A. In General. We may use information that we collect about you to:

1. deliver and improve our products and services, and manage our business;

2. manage your account and provide you with customer support;

3. perform research and analysis about your use of, or interest in, our or others’ products, services, or content;

4. communicate with you by email, postal mail, telephone and/or mobile devices about products or services that may be of interest to you either from us or other third parties;

5. develop, display, and track content and advertising tailored to your interests on our Service and other sites, including providing our advertisements to you when you visit other sites;

6. verify your eligibility and deliver prizes in connection with contests and sweepstakes;

7. enforce or exercise any rights in our Terms of Use; and

8. perform functions or services as otherwise described to you at the time of collection.

B. Job applicants. If your personal information is submitted through our website when applying for a position with our company, the information will be used solely in connection with considering and acting upon your application. We
may retain your personal information, but only for the purpose of considering
your application for current or future available positions. This information, which
may include your name and contact information, prior education and experience,
and other information you provide to us, may be shared with third-party service
providers retained by us to collect, maintain and analyze candidate submissions
for job postings.

C. All Circumstances. In all circumstances, we may perform these
functions directly or use a third party vendor to perform these functions on our
behalf who will be obligated to use your personal information only to perform
services for us. Also, if you access our Service from a third party social platform,
such as Facebook, we may share non-personal information with that platform to
the extent permitted by your agreement with it and its privacy settings.

III. WITH WHOM WE SHARE YOUR INFORMATION

A. Information Shared with Other Users. When you register as a user
of Babymou, your Babymou profile will be viewable by other users of the Service.
Other users will be able to view information you have provided to us directly or
through Facebook, such as your Facebook photos, any additional photos you
upload, your first name, your age, approximate number of miles away, your
personal description, and information you have in common with the person
viewing your profile, such as common Facebook friends and likes. If you swipe
right to say “yes” to a person, you will be able to chat with that person if they
swipe right to you, e.g., when you have a “match.” If you chat with your match, of
course your match will see the content of your chat.

B. Personal information. We do not share your personal information
with others except as indicated in this Privacy Policy, when you voluntarily share
that information while using the Services or when we inform you and give you an
opportunity to opt out of having your personal information shared. Once you have
voluntarily provided your personal information, we may share your personal
information with:

1. Service providers: We may share information, including personal
and financial information, with third parties that perform certain services on our
behalf. These services may include fulfilling orders, providing customer service
and marketing assistance, performing business and sales analysis, ad tracking
and analytics, member screenings, supporting our Service functionality, and
supporting contests, sweepstakes, surveys and other features offered through
our Service. These service providers may have access to personal information
needed to perform their functions but are not permitted to share or use such
information for any purpose other than for use in connection with the specific
function they perform for Babymou.

2. Other BABYMOU GROUP businesses: We may share
information we collect, including your profile and personal information such as
your name and contact information, photos, interests, activities and transactions on our Service with other BABYMOU GROUP companies. This Privacy Policy will be changed to identify any and all websites or apps that are part of the BABYMOU GROUP businesses.

3. Other Situations. We may disclose your information, including personal information:

(i) In response to a subpoena or similar investigative demand, a court order, or a request for cooperation from law enforcement or other government agency; to establish or exercise our legal rights; to defend against legal claims; or as otherwise required by law. In such cases, we may raise or waive any legal objection or right available to us.

(ii) When we believe disclosure is appropriate in connection with efforts to investigate, prevent, or take other action regarding illegal activity, suspected fraud or other wrongdoing; to protect and defend the rights, property or safety of our company, our users, our employees, or others; to comply with applicable law or cooperate with law enforcement; or to enforce our Terms of Use or other agreements or policies.

(iii) In connection with a substantial corporate transaction, such as the sale of our business, a divestiture, merger, consolidation, or asset sale, or in the unlikely event of bankruptcy. In such event Babymou will take appropriate measures to ensure the protection of your personal information, including but not limited using its best efforts to ensure that any prospective purchaser of Babymou shall treat any and all personal information disclosed to them as confidential in nature.

C. Aggregated and/or non-personal information. We may use and share non-personal information we collect under any of the above circumstances. We may also share it with third parties to develop and deliver targeted advertising on our Service and on websites or applications of third parties, and to analyze and report on advertising you see. We may combine non-personal information we collect with additional non-personal information collected from other sources. We also may share aggregated, non-personal information, or personal information in hashed, non-human readable form, with third parties, including advisors, advertisers and investors, for the purpose of conducting general business analysis or other business purposes. For example, we may engage a data provider who may collect web log data from you (including IP address and information about your browser or operating system), or place or recognize a unique cookie on your browser to enable you to receive customized ads or content. The cookies may reflect de-identified demographic or other data linked to data you voluntarily have submitted to us (such as your email address), that we may share with a data provider solely in hashed, non-human readable
form. To opt-out of cookies that may be set by third party data or advertising partners, please go to http://www.aboutads.info/choices/.

IV. DO NOT TRACK DISCLOSURE

Do Not Track (“DNT”) is a privacy preference that users can set in their web browsers. DNT is a way for users to inform websites and services that they do not want certain information about their webpage visits collected over time and across websites or online services. We are committed to providing you with meaningful choices about the information we collect and that is why we provide the opt-out links above. However, we do not recognize or respond to any DNT signals, as the Internet industry works toward defining exactly what DNT means, what it means to comply with DNT, and a common approach to responding to DNT. Any changes to Section IV of this Privacy Policy shall be made accordingly and pursuant to and in compliance with the law, industry practices and standards.

V. THIRD PARTY WEBSITES

There are a number of places on our Service where you may click on a link to access other websites that do not operate under this Privacy Policy. For example, if you click on an advertisement on our Service, you may be taken to a website that we do not control. These third-party websites may independently solicit and collect information, including personal information, from you and, in some instances, provide us with information about your activities on those websites. We recommend that you consult the privacy statements of all third-party websites you visit by clicking on the “privacy” link typically located at the bottom of the webpage you are visiting. We are not responsible for any personal information that you provide to a third party website.

VI. HOW YOU CAN ACCESS YOUR INFORMATION

If you have a Babymou account, you have the ability to review and update your personal information within the Service by opening your account and going to settings. More information about how to contact us is provided below. You also may close your account at any time by visiting the "Settings" page for your account. If you close your account, we will retain certain information associated with your account for analytical purposes and recordkeeping integrity, as well as to prevent fraud, enforce our Terms of Use, take actions we deem necessary to protect the integrity of our Service or our users, or take other actions otherwise permitted by law. In addition, if certain information has already been provided to third parties as described in this Privacy Policy, retention of that information will be subject to those third parties' policies.
VIII. YOUR CHOICES: COLLECTION & USE OF YOUR INFORMATION

A. Your Choice not to provide information: You can choose not to provide us with certain information, but that may result in you being unable to use certain features of our Service because such information may be required in order for you to register as user; purchase products or services; participate in a contest, promotion, survey, or sweepstakes; ask a question; or initiate other transactions.

B. Notifications to your phone or mobile device. Our service may deliver notification to your phone or mobile device. You can disable these notifications by going into “App Settings” on the app or by changing the settings on your mobile device.

C. Information collected by cookies. You can also control information collected by cookies. You can delete or decline cookies by changing your browser settings. Click “help” in the toolbar of most browsers for instructions.

IX. PROTECTION OF YOUR PERSONAL INFORMATION

We take security measures to help safeguard your personal information from unauthorized access and disclosure. However, no system can be completely secure. Therefore, although we take steps to secure your information, we do not promise, and you should not expect, that your personal information, chats, or other communications will always remain secure. Users should also take care with how they handle and disclose their personal information and should avoid sending personal information through insecure email. Please refer to the Federal Trade Commission’s website for information about how to protect yourself against identity theft. http://www.ftc.gov/bcp/menus/consumer/data.shtm

X. INFORMATION YOU PROVIDE DURING YOUR USE OF OUR SERVICE

We provide areas on our Service where you can have the option to voluntarily post information about yourself and general information about others that you are looking to meet through the use of the Service and communicate with others. Such postings are governed by our Terms of Use. Also, whenever you voluntarily disclose personal information on publicly-viewable pages, that information will be publicly available and can be collected and used by others. For example, if you post your email address, you may receive unsolicited messages. We cannot control who reads your posting or what other users may do with the information you voluntarily post, so we encourage you to exercise discretion and caution with respect to your personal information.

XI. CHILDREN’S PRIVACY

Although our Service is a general audience Service, we restrict the use of our service to individuals age 18 and above. We require each user of our Service to
make representations and warranties that they are at least 18 years of age, which we reasonably rely upon. Therefore, we do not knowingly collect, maintain, or use personal information from children under the age of 18

XII. VISITING SERVICE FROM OUTSIDE THE UNITED STATES

If you are visiting our Service from outside the United States, please be aware that your information may be transferred to, stored, and processed in the United States where some of servers are located and our central database is operated. By using our services, you understand and agree that your information may be transferred to our facilities and those third parties with whom we share it as described in this privacy policy.

XIII. NO RIGHTS TO THIRD PARTIES

This Privacy Policy does not create rights enforceable by third parties or require disclosure of any personal information relating to users of the website or the app. Furthermore, while you may be required to disclose certain personal information, as provided herein, the functionality of the App is not dependent upon any of the personal information required.

XIV. CHANGES TO THIS PRIVACY POLICY

We will occasionally update this Privacy Policy. When we post changes to this Privacy Policy, we will revise the "last updated" date at the top of this Privacy Policy and provide you with written notice that this Privacy Policy has been changed. We recommend that you also check our Service from time to time to inform yourself of any changes in this Privacy Policy or any of our other policies.

XV. HOW TO CONTACT US

If you have any questions about this Privacy Policy, please contact us by:
